KELOWNA - LAKE COUNTRY

Providing Support for Seniors and Caregivers

- ✓ Our Government is committed to helping Canadians stay independent longer and receive care in their homes when possible.
- ✓ We have invested **\$6 billion** to improve access to home care, home-based palliative care and community-based care.
- ✓ Investing in home care will mean fewer sacrifices for caregivers in Kelowna-Lake Country in their work, social and personal lives.

Better access to home, palliative, and community-based care leads to better support for patients, at a more affordable cost.
